TESTIMONIALS

Assalamu Alaikum va Rahmathullahi va barakathuhu

"Alhamdulillah, all praise is to Allah, for guiding us to make the decision to homeschool our children. My husband and I had always envisioned a path for our children that was rooted in faith and spirituality.

Despite the criticism and concerns from those around us, we stood firm in our decision , trusting in Allah's plan for our family. And then, Allah bestowed upon us a blessing, a miracle that we never could have imagined - Al Qalam.

I still remember the day I discovered Al Qalam, and how my heart overflowed with gratitude and praise to Allah. It was as if Allah had heard our prayers and provided us with a solution to our concerns about socialization and education.

Today, my daughter is thriving in a nurturing environment, surrounded by caring teachers and friends who share our values. And with the introduction of Funoon, I am overjoyed to see my daughter's talents being recognized and encouraged.

As I reflect on this journey, I am filled with tears of gratitude and joy. I pray that Allah continues to guide and bless the Al Qalam family, and that we can all continue to work together to raise a generation of righteous and knowledgeable individuals.

Jazakumullah khairan to the entire Al Qalam team for all that you do. May Allah reward you abundantly for your efforts."

Assalamu Alaikum...!

It was really a moment of joy for me to have known and benefited from the Al Qalam e-learning platform for my little Princess. Since a while, i have been looking for some great Islamic resource to educate my little daughters, who are being homeschooled since 2 years. Alhamdulillah, by the grace of the Lord, Al Qalam came as an answer. The way you deliver the classes and the Quality Contents in the syllabus make your course a unique one. My daughter is very eager to attend the class and is never bored.

السلام عليكم ورحمة الله وبركاته...

Alqalam e learning is a very useful platform for a homeschooling parent. In the case of BUSTHAN , the best part is ur teachers..Our lil kids are not in same mood in all time. As a parent the changing of mood is very difficult for me. So teachers are also felt lil difficult. But they handle each kids in a very nice way.. and جزاكن جزاكن for your kindness and patience. Specially I want to mention Ensana ma'am.. Her way of teaching is so cool.. and smooth.Each teachers are amazing in their own way of handling the class. بارك الله فيكم...

But I personally felt that, her class is lil more connected to kids.. بارك الله... Over all my son really enjoyed the classes very much. He memorized 10 surahs الحمد لله... the syllabus .. activities.. all are amazing.. بارك الله فيكم..I got what I wanted for my son.. الحمد لله.. May Allah grand you the best of both worlds.

FAQS

(GENERAL)

13

Why is there a fee difference between Indian and abroad students?

We understand your concern regarding the fee difference for students in India and abroad. Our fee structure is designed with careful consideration of different financial situations:

- **Affordability for Indian Students:**

Many students in India face financial challenges, and we do not want the fee to become a burden on them. Keeping this in mind, we have set a reasonable fee structure for Indian students to make quality education accessible.

- **Comparative Affordability for Abroad Students:**

For students outside India, our fees are still much lower compared to local educational institutions in their countries. This makes it an affordable and valuable option for them while ensuring we maintain high-quality teaching.

- **Sustaining the Institution:**

To run an online institution effectively, we need to cover teacher salaries, administrative expenses, technology upgrades, and student support services. The fee structure is balanced to ensure the sustainability of Al Qalam e-Learning while keeping education affordable for all.

We appreciate your understanding and support in making quality Islamic and academic education accessible to students worldwide.
